It is probably good to add these. Hopefully you don't need paragraphs. In that case I'd have to rethink how many of these to include.

- ▶ Support state-specific evaluations of new lake criteria (Projects ongoing in TN, IN, MI, MN, OH, WI, AR, OK, ND, CO, and Coeur d'Alene)
- ▶ Technical support projects through NSTEPs for Rivers and Streams and Estuaries and Coastal Waters
- ▶ Release draft PFOA and PFAS draft aquatic life criteria for public comment
- ▶ Publish GIS map tool for national water chemistry data (with example criteria application)
- ▶ **Publish updated aquatic life criteria for pesticides**
- ▶ **Publish Final GenX toxicity assessment**
- ▶ **Draft whitepapers for PFAS MCLGs for SAB review and support regulatory determination**
- ▶ **Publish updated Health Advisory Table**
- ▶ **Publish TSM on addressing non-human fecal exposure in recreational criteria**
- ▶ **Publish final HABs and Hypoxia Events of National Significance (HHENS) policy**
- ▶ **Hold SAB Review of Biosolids Risk Assessment Approaches**
- ▶ **Hold National Biosolids Meeting 2021 (November 2-4)**

OK, it's mostly accomplishments (things we already did). Do you want to add anything we're working on in FY22?

Hi Colleen,

I updated points for ERAB. Thanks for the opportunity to review and edit.
And TGIF!

Kathryn

Flaherty, Colleen shared a file with you

HECD folks, please take a look at these draft TPs for Deborah for the WEFTEC meeting. They are due to Deborah Oct. 1. Thanks!
